

04/18/2006

Hello Bob:

Good to know that you are up and running.

We will be ordering product for our next generation of Rough Water Ribs.

Yes, all the Rough Water units in the home page photos and the ones I attach here with have Seaspension pedestals.

We are pleased with the product and the use it has been in with our official boats. Our customers really like them and we see a solid future for Seaspension in our craft.

Kindest Regards

Bob Rosborough
