## SEASPENSION®

### shock-absorbing pedestals

*"We have been recognized as the Ferrari of the Rib's world by a majority of people magazines and fans.*

*The Presidential Seat has made a very big impression for the Seaspension brand. It is of the utmost professional level and beauty as a seat of that kind can be!"*

**Alp S., BAT RIB - Turkey**  
2010 8.0m RIB w/900hp

*This is the bench model owned by former President H.W. Bush and installed on the 34' Fidelity III Fountain Sport Fish. The Seaspension three-pedestal system was also commissioned for their new boat "Fidelity IV".*

# INTRODUCING The Seaspension® Presidential Bench

**SEASPENSION TECHNOLOGIES, INC.** designed the Presidential Bench for those who demand a safe and comfortable side-by-side seating arrangement (made according to your specifications) or use (fit for a head of State).

The **Seaspension® Presidential Bench** comes in several luxurious models with custom options available.

All **SEASPENSION®** products come with its famous, patented shock-absorbing pedestal system for the ultimate in comfort and ride protection. The independent suspension system will bring you to a new level of boating experience.
